Howard E. Gardner

## **Multiple Intelligences: The Theory In Practice, A Reader** Howard E. Gardner

Howard Gardner's brilliant conception of individual competence is changing the face of education today. In the ten years since the publication of his seminal *Frames of Mind*, thousands of educators, parents, and researchers have explored the practical implications of *Multiple Intelligences* (MI) theory—the powerful notion that there are separate human capacities, ranging from musical intelligence to the intelligence involved in understanding oneself. *Multiple Intelligences: The Theory in Practice* brings together previously published and original work by Gardner and his colleagues at Project Zero to provide a coherent picture of what we have learned about the educational applications of MI theory from projects in schools and formal research over the last decade.
