Differentiating in Number & Operations and the Other Math Content Standards, PreK-Grade 2: A Guide for Ongoing Assessment, Grouping Students, ... in the Math Content Standards) Jennifer Taylor-Cox

Differentiating is good teaching. As a math intervention tool, it's power packed. And as a math acceleration instrument it's unbeatable. But differentiation doesn't have to be difficult. Not with *Differentiation in Number & Operations and the Other Math Content Standards, PreK - Grade 2*.

Jennifer Taylor-Cox's five-volume set shows you easy but effective differentiation strategies that can help all young mathematicians get off to a great start. With it you'll effectively differentiate instruction across all five math content strands.

Differentiation in Number & Operations is the touchstone volume of the set. It introduces the foundational elements of differentiated teaching through working with number and operations. Taylor-Cox's approach allows you to:

- assess students' math abilities quickly and efficiently
- group children by need, just as you do for guided reading
- target instruction to meet every student's needs
- adjust levels of cognitive demand.

In the companion volumes Taylor-Cox applies the same differentiation techniques to the other math content strands:

- algebra
- data analysis and probability
- geometry
- measurement.

Use *Differentiation in Number & Operations and the Other Math Content Standards, PreK - Grade 2*. You'll bring the power of differentiation to your math teaching and discover the ease and flexibility to help every student learn and enjoy math.

From reader reviews:

Barbara Lewis:

Have you spare time for a day? What do you do when you have more or little spare time? Yes, you can choose the suitable activity regarding spend your time. Any person spent their spare time to take a wander, shopping, or went to often the Mall. How about open or perhaps read a book called Differentiating in Number & Operations and the Other Math Content Standards, PreK-Grade 2: A Guide for Ongoing Assessment, Grouping Students, ... in the Math Content Standards)? Maybe it is being best activity for you. You already know beside you can spend your time with the favorite's book, you can wiser than before. Do you agree with their opinion or you have other opinion?

Vicky Penn:

On this era which is the greater particular person or who has ability in doing something more are more treasured than other. Do you want to become certainly one of it? It is just simple way to have that. What you must do is just spending your time little but quite enough to possess a look at some books. One of several books in the top checklist in your reading list is usually Differentiating in Number & Operations and the Other Math Content Standards, PreK-Grade 2: A Guide for Ongoing Assessment, Grouping Students, ... in the Math Content Standards). This book and that is qualified as The Hungry Inclines can get you closer in turning into precious person. By looking right up and review this guide you can get many advantages.

Phillip Martin:

You can obtain this Differentiating in Number & Operations and the Other Math Content Standards, PreK-Grade 2: A Guide for Ongoing Assessment, Grouping Students, ... in the Math Content Standards) by go to the bookstore or Mall. Merely viewing or reviewing it can to be your solve problem if you get difficulties for ones knowledge. Kinds of this book are various. Not only simply by written or printed but also can you enjoy this book by means of e-book. In the modern era just like now, you just looking by your local mobile phone and searching what your problem. Right now, choose your current ways to get more information about your e-book. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose proper ways for you.

Franklin Crossland:

Reserve is one of source of know-how. We can add our know-how from it. Not only for students but in addition native or citizen need book to know the up-date information of year for you to year. As we know those guides have many advantages. Beside all of us add our knowledge, also can bring us to around the world. With the book Differentiating in Number & Operations and the Other Math Content Standards, PreK-Grade 2: A Guide for Ongoing Assessment, Grouping Students, ... in the Math Content Standards) we can get more advantage. Don't one to be creative people? To become creative person must love to read a book.

Simply choose the best book that acceptable with your aim. Don't always be doubt to change your life at this time book Differentiating in Number & Operations and the Other Math Content Standards, PreK-Grade 2: A Guide for Ongoing Assessment, Grouping Students, ... in the Math Content Standards). You can more attractive than now.
