**One alien, one human, brought together by disaster and separated by uncertainty. Two broken hearts. One chance to make things right.**

Marko was Naeesha's friend, lover, and comrade in arms for over two decades. That didn't stop them from drifting apart. Now she hasn't seen him in three years. After getting news that he might be in danger, she sets out looking for him and for a second chance.

When she finds him, she hardly recognizes him. He's changed. So much so that he's gone AWOL and joined up with the enemy that he and Naeesha had spent twenty-five years fighting. Naeesha can't help but wonder if he's still the same man that she used to love.

Naeesha has been the most important person in Marko's life since they both finished training. He stayed by her side for their entire military career. When it was over, he thought they might settle down together and share a different kind of life. But it wasn't meant to be.

Confused and brokenhearted, he left to find happiness by fixing the damage he had done as a soldier. He thought that by making peace with an old enemy, he could fill the hole in his heart. But nothing could replace Naeesha.

When she shows up out of the blue, Marko thinks that his prayers have been answered. But their reunion is not an accident. Trouble follows Naeesha and threatens the new life that Marko has made. The two of them are thrust back into the center of a thirty year old struggle, and they must fight to survive. Their love can never be safe as long as war rages all around them, but making peace could mean losing everything
