Arizona Wildlife Notebook

Garry Rogers

Arizona Wildlife Notebook Garry Rogers

This notebook contains checklists for 11 groups of Arizona animal species: Amphibians, ants, birds, butterflies and moths, dragonflies and damselflies, fish, grasshoppers, lizards, mammals, snakes, and turtles. The introduction to each group covers the group's conservation issues and provides references for printed and online field guides. The checklist for each group includes scientific and common names and conservation status. I alphabetized each checklist by common name and included a species name index.
