Have a Nice Day Tom E. Carsley

A twisted tale of what modern American life has turned into.

Follow one day in the life of a man working in modern America's dominant career field, RETAIL- or as our man likes to say, "Selling crap made in China." While he tries to make it the best he can with what is left of his life. His relationship with his wife, work, son and an ex-lover.

Have a nice day is a short story that taps into the life of modern man stuck between a crap job and an even crappier time to exist.

There are no more frontiers, no more opportunities and when life just seems about as bad as it can get, well that's when things really get rollin'.

How good we were supposed to have it by the 21st century turned out to be fantasy. Reality says hi.

Somewhere in the realms of sci-fi, relationship, ticked off, let down, and dystopia as it exists now.

(Approximately 8,000 words. Short story.)
