Steel: And Other Stories Richard Matheson

Imagine a future in which the sport of boxing has gone high-tech. Human boxers have been replaced by massive humanoid robots. And former champions of flesh-and-blood are obsolete

Richard Matheson's classic short story is now the basis for *Real Steel*, a gritty, white-knuckle film starring Hugh Jackman. But "Steel," which was previously filmed as a powerful episode of the original *Twilight Zone* television series, is just one of over a dozen unforgettable tales in this outstanding collection, which includes two new stories that have never appeared in any previous Matheson collection. Also featured is a bizarre satirical fantasy, "The Splendid Source," that was turned into an episode of *The Family Guy*.

Richard Matheson was recently inducted into the Science Fiction Hall of Fame. *Steel* demonstrates once again the full range of his legendary imagination.
