## **I Just Want To Be Happy!: How to be Happy by Understanding the World and Finding your Place in it** Rohan James

In this easy-to-read common sense guide, international Author and Life Coach Rohan James clearly describes the Universal Laws that govern the largest of stars, the smallest of particles and everything in between - including us! He also shows that even though our genetics, outer circumstances and dreams may appear to be very different, the basic composition of all human beings is the same. With scientifically proven Universal Laws governing our lives and our inner framework the same, there must also be a universal blueprint for our happiness that supersedes and overrides all individual circumstances. After twenty-one years of research, experimentation and refinement, Rohan now reveals this model and makes it available to you. His down to earth style, every day language and humour will keep you engaged and entertained as you learn the deepest truths about your existence and purpose, but most importantly – how to be HAPPY! You will also learn: • Why your life is the way it is • How you can put stress, anxiety and depression behind you – forever! • How you can develop robust health & vitality • How you can look and feel younger • How you can find your life's purpose • How you can make more money easily & effortlessly • How you can predict the future!
