Derecho informático (Spanish Edition)

Roberto Garza Barbosa

Derecho informático (Spanish Edition) Roberto Garza Barbosa

Este eBook cubre cada uno de sus temas con una óptica de tres dimensiones: Derecho Internacional, Derecho Comparado y Derecho mexicano. La razón de estudiarlo así tiene una doble utilidad. La primera le hará comprender cómo se regula el tema en otros países. Por ejemplo, un cliente suyo desarrolla un programa de cómputo y desea saber cómo se protege en México, en los Estados Unidos y en los países europeos. Incluso, se podría dar el caso de que un software perfectamente protegible en México, en los Estados Unidos constituya una infracción de una patente. El texto le brindará un conocimiento general del tema en distintos sistemas jurídicos. El segundo objetivo útil es conocer cómo se regula la problemática en otros países, tendencias jurídicas que invariablemente serán o ya han sido trasplantadas en el sistema jurídico mexicano.
