The Tides are a family with many secrets. Haunted by the events of one tragic day a decade ago, they are each, in their own way, struggling to move forward with their lives.

There is Dora, the family's youngest daughter, who lives in a ramshackle London warehouse with her artist boyfriend. She is doing a good job of skating across the surface of her life, but when she discovers she is pregnant, she finds herself staring back at the darkness of a long-held guilt. Dora's mother, Helen, is a complicated woman whose relationship with her family has always been turbulent, while her father Richard has cobbled together a life that bears little resemblance to his boyhood dreams. And Cassie, Dora's long-estranged sister, has cut off her family entirely, it seems.

When Dora arrives at Clifftops, her family's rambling home on the Dorset coast, it seems that Helen might finally be ready to make amends for her own part in the tragedy. But what Dora soon discovers is that the path to redemption does not rest solely with her mother. Can family crimes this damaging ever really be forgiven?
