**Woman on Fire** ~ Azrael Thunder Horse never thought another Anglo woman could possibly knock him for a loop after leaving Hollywood. Despite the instant shot of lust he feels when he first lays eyes on his new Native American Studies teacher, he's determined to get rid of her. After all...she misled him with that damn Indian name of hers! But the stubborn redhead has a thing or two to say when he tries to fire her.

Cheyenne Red Wolf has never met a more maddening, arrogant, downright irritating man. He hates her on sight. Too bad he's the hottest thing she's ever seen...and her new boss. The man tried to fire her because she wasn't a "real" Indian. Good thing he can't stand her, because she sure as hell wouldn't be able to say no to all that sexy, hardheaded, Lakota masculinity.

**Jillian's Job** ~ What good is a dream income, access to a private jet, all the perks that go with being Mike Furie's überproficient personal assistant, if Jillian has no life? She wants a life with a man in it. And staying with overbearing, totally sexy, self-serving bachelor Mike will lead nowhere.

A trip to Aspen to "rescue" Mike from the clutches of the latest woman seeking to sink her claws into him, an excess of champagne to fortify her, and she tells him what she thinks of his high-handed tactics. She's quitting. Again.

So how the hell did she end up in bed with him in a Tahoe honeymoon suite, naked? Why can't she recall how her signature got on that marriage license? Mike discovers talents he never knew Jill possessed. Now he has her right where he wants her. And he wants her again...and again. In his bed and under him. But it's not all about the lust, and if he gets his way, Jillian won't be leaving his side or his bed--ever.
