Now they must face down a phantom network whose technology can affect events before they even happen...and is bound to result in the death of millions. To defeat it, Dryden will need to do more than think fast: He must find a way to outsmart a ruthless enemy that can seize on his mistakes before he even makes them. And time is running out...

**“Patrick Lee’s thriller featuring a loner hero compares to Lee Child’s Jack Reacher series but with the added kick of technology. Readers will wait with bated breath for the next Dryden adventure.”?Library Journal**
