When the picture of a dog taking a squat shows up on every computer and cell phone screen with the words, "IT Happens," Jimmy Walker knew things would never be the same again. What he didn't know was just how bad it would be. Bugging out to his cabin in the Manistee National Forest, Jimmy figured he would ride out the storm there. He knew there would be trouble from the criminal element and those who had not prepared but hadn't counted on the United Nations moving in and gathering people up to be 'relocated,' too. Banding together with others in the valley, Jimmy works to meet the threats that seem to come from all directions at once.
