**Camp Counseling: Leadership and Programming for the Organized Camp** Joel F. Meier, Karla A. Henderson

Through the first seven editions of this enduring text, A. Viola Mitchell shared her knowledge and skills with legions of educators, camp directors, and counselors who participated in the organized camp movement. This classic, highly regarded volume has now been thoroughly updated to provide a 21st-century view of the trends, philosophies, and practices of organized camping. The Eighth Edition retains the overarching emphasis on leadership skills and program activities and ideas, updating their treatment with the latest research on positive youth development and outcomes-based programming. New chapters discuss trends in organized camping, efforts to expand opportunities for camp participation, and strategies to increase physical activity among children and youth. Substantially revised topics include modern behavior management tools and techniques, leadership strategies, problem solving, group processes, and the importance of research and evaluation. Throughout, the authors infuse the discussion with a "leave no trace" conservation ethic that promotes ways to enjoy the outdoors in a responsible, sustainable manner. The essence of organized camping has remained the same throughout its 150-year history: democratic, group living in the outdoors supported by competent, well-trained leaders. The latest edition of *Camp Counseling* celebrates that essence in every chapter, illuminated by more than 120 new photographs as well as numerous illustrations and boxed exhibits. Moreover, extensive, annotated resource lists in every chapter provide countless opportunities to explore topics in greater depth.
