So you want to know how to make a million the easy way ? Of course you do. Who would not want to know how to achieve that ? Believe me I have searched the world and read every self help book on the market. I took up every offer in the small ads and sent off for anything that would help me on my way to amass a fortune. I had nothing and wanted all the usual things such as a big house in stunning grounds with a huge driveway, a top of the range car, plenty of money and investments and a solid income with no hard work. Does that sound familiar ? Am I describing your thoughts ? Well it took me years and years until eventually I struck gold and hit on the one and only method that will turn a tiny sum of money into a fortune. Your background does not matter and you do not need any special equipment, stock, skills or anything else. Best of all you can start with a tiny amount of cash - the cost of a drink in a bar - no more. You will however need to have discipline and be capable of following a very simple plan without ever breaking away from the order of things. Best of all you can repeat the process over and over again.
