Shutter Island Dennis Lehane

Dennis Lehane's masterpiece of mystery and suspense-brought to life for the first time as a graphic novel In 1954, U.S. Marshal Teddy Daniels and his partner, Chuck Aule, are sent to Shutter Island to find a mass murderer who has escaped from Ashecliffe Hospital, a fortress-like federal institution for the criminally insane. As an intense hurricane bears relentlessly down on the island, the marshals are forced to piece together clues to a shocking puzzle hidden within Shutter Island, taking them on a dark, twisted journey, where paranoia assumes an air of cool rationality and the line between sanity and madness disappears... Filled with his trademark grit, insight, and pathos, Shutter Island is vintage Dennis Lehane. Now adapted for the first time as a graphic novel by internationally renowned artist Christian De Metter, this riveting story brilliantly captures our capacity for depravity and deliverance.
