The Art of Mark Ryden: Anima Mundi

Mark Ryden, Carlo McCormack

The Art of Mark Ryden: Anima Mundi Mark Ryden, Carlo McCormack

Mark Ryden's paintings instantly trigger a warped déjà vu. His work recalls a parallel universe of 1950s Golden Books and the whimsy of Lewis Carroll. His cheery bunnies, rendered in the glowing hues of children's books, are likely to be carving slabs of meat rather than frolicking in the forest. Ryden's work mingles superb technique with outre images to create a world of strange and disturbing beauty. "At once intriguing and unsettling, baffling and enchanting, [Ryden's] works ... are subtle amalgams of many sources and influences as wide-ranging as Psychedelic and Vienna School artists Neon Park and Ernst Fuchs, to classical French formalists Ingres and David." — Panik
