The Official PGP User's Guide

Philip R. Zimmermann

The Official PGP User's Guide Philip R. Zimmermann

The Official PGP User's Guide is the user's manual for PGP (Pretty Good Privacy) public-key cryptography software (v.2.6), freely available over the Internet, that has become the *de facto* standard for the encryption of electronic mail and data. PGP and its author Philip Zimmermann are the focus of national and international debates concerning this new, powerful "envelope" that allows individuals the same privacy in communications as enjoyed by governments and large corporations.

Because cryptography is considered a munition by the U.S. government and is thus subject to the same export restrictions as tanks and submarines, the worldwide distribution of PGP over the Internet has raised a host of issues that are addressed in the *User's Guide*.

In addition to technical details, the *User's Guide* contains valuable insights into the social engineering behind the software engineering and into the legal, ethical, and political issues that have surrounded PGP since its initial release.

From reader reviews:

Phyllis Peters:

As people who live in the particular modest era should be change about what going on or information even knowledge to make them keep up with the era that is certainly always change and make progress. Some of you maybe will certainly update themselves by studying books. It is a good choice to suit your needs but the problems coming to you actually is you don't know which you should start with. This The Official PGP User's Guide is our recommendation to help you keep up with the world. Why, because this book serves what you want and want in this era.

Verna Smith:

Now a day people that Living in the era everywhere everything reachable by connect to the internet and the resources in it can be true or not call for people to be aware of each data they get. How many people to be smart in getting any information nowadays? Of course the reply is reading a book. Looking at a book can help people out of this uncertainty Information particularly this The Official PGP User's Guide book because book offers you rich info and knowledge. Of course the knowledge in this book hundred % guarantees there is no doubt in it you probably know this.

Donna Bledsoe:

Your reading sixth sense will not betray anyone, why because this The Official PGP User's Guide guide written by well-known writer whose to say well how to make book which can be understand by anyone who else read the book. Written within good manner for you, leaking every ideas and publishing skill only for eliminate your own personal hunger then you still doubt The Official PGP User's Guide as good book but not only by the cover but also by the content. This is one e-book that can break don't judge book by its protect, so do you still needing an additional sixth sense to pick this particular!?! Oh come on your reading sixth sense already alerted you so why you have to listening to yet another sixth sense.

Adriana Cornell:

In this period of time globalization it is important to someone to obtain information. The information will make a professional understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of references to get information example: internet, paper, book, and soon. You can view that now, a lot of publisher that will print many kinds of book. The book that recommended for your requirements is The Official PGP User's Guide this publication consist a lot of the information with the condition of this world now. This kind of book was represented so why is the world has grown up. The terminology styles that writer make usage of to explain it is easy to understand. The actual writer made some exploration when he makes this book. That is why this book acceptable all of you.
