More Cartoons That Will Send Me Straight To Hell Dan Collins

The second in the "Straight To Hell" series of cartoon books by that side-splitting cartoonist Dan Collins continues where the first book left off, and keeps that crazy train barreling down the tracks. If you like your cartoons to come from left field and leave you asking "Where does this guy come up with this stuff?!" then this ebook should be in your library.

Dan covers all the hot-button topics per usual, such as: politics, religion, aliens, and things people do in dimly lit rooms when they think the authorities aren't watching. He also touches on such assorted subjects as: lawyers, liberals, Lincoln and lost dogs. Not to mention: Mickey Mouse, Moses, meat dresses and Mr. Orgasm. We could go on for the rest of the alphabet, but rest assured that if there is a joke in it, Mr. Collins has probably thought of it.

He's been a professional cartoonist for over 34 years in magazines, newspapers, and greeting cards, creating well more than 12,000 individual pieces of ink-laced hilarity. His work has appeared nationally and around the world in venues of all kinds, both print and on the web.

His work appeals to persons young and old, liberal and conservative, rich or poor, smart or dumb, alien parasite co-opted and normal humanoid. His humor finds the weak point in your funny bone and exploits it for monetary gain and free beer when he can manage. We can safely guarantee that you'll want to buy him a few rounds after reading this book. Cheers!
