## Stick to Drawing Comics, Monkey Brain!: Cartoonist Ignores Helpful Advice Scott Adams

Everyone knows Scott Adams, the creator of *Dilbert*, as the king of workplace humor. His insights into the crazy world of business have long been on display in his hugely popular comic strip and bestselling books like *The Dilbert Principle*. But there's much more to life than work, and it turns out that the man behind Dogbert and the Pointy-Haired Boss has an equally outrageous take on life outside the cubicle.

Adams ventures into uncharted territory in this collection of more than 150 short pieces on everything from lunar real estate to serial killers, not to mention politics, religion, dating, underwear, alien life, and the menace of car singing. He isn't afraid to confront the most pressing questions of our day, such as the pros and cons of toothpaste smuggling, why kangaroos don't drive cars, and whether Jesus would approve of your second iPod.
