A stressful job in finance and investing has made it impossible for Netty to have any semblance of a functional love life. The long hours are taking their toll and as a huge new project falls in her lap, Netty is just about at her wit's end. Late one Friday night at work, however, life brightens when a knock on her office door unveils **adorably geeky Henrietta**, her company's computer consultant.

Henry — **computer geek, gamer, sweetheart** — takes Netty on a ride that makes her question her notions of life and love, work and play, and acceptance of herself and others. Always the pretty popular girl, Netty finds herself irrevocably changing as she **gets intimate with nerdy Henry**, prompting her to wonder whether the path she's been on has actually been the right one for her.

Will Netty be able to shrug off the negativity around her relationship at work, navigate the conflict of interest in getting involved with her company's consultant, and finally start living true to herself? Or will this **lesbian love affair** end like all the rest?
