A world devastated: a sky filled with magical auroras at night and deadly radiation during the day; technology all but gone; hundreds of millions dead by fire, starvation, disease and violence. The survivors will have to face their own desolation.

-----  
Three groups struggle to endure and hold onto what little they have, while others will do anything to take it all. On a beach in Mexico, a small town in Wyoming, and a rural ranch in Illinois, epic battles between good and evil will be fought. Winners will have to face forces of nature never seen before.  
But, there is a dim light on the horizon. A 150 year old secret may lead the lucky few to a place that holds the promise of a new future, unless the sun doesn't set on humanity first.

-----  
The stunning follow up to the #1 Amazon Best Seller STONE AGE.

Movie Rating: PG-17 for descriptions of violence and language.
