Megatokyo, Vol. 2 Fred Gallagher

The wildly popular web comic that spawned a best selling trade paperback has found a new home! Fans and friends of the Megatokyo web comic have come to love the characters and their offbeat adventures. Whether they are entangled in a fantasy gaming scenario, saving Tokyo from devastation by rampaging zombies, or taking awkward and disaster-filled steps towards a meaningful relationship, we get to experience Tokyo through their many unique and drastically different points of view. Rife with references to video game and anime culture both here and in Japan, it is a story that contrasts the cultures, the characters, and their own perceptions of what is around them. Those new to the series may find familiar emotions and a dialogue that is eerily similar to their own. Volume 2 contains Chapter 1 and Chapter 2 of the Megatokyo webcomic, complete with miscellaneous comics, sketches and other material. Extra material exclusive to the print edition includes editorial comments by the author and a short story with illustrations from the Endgames gaming universe.
