A comprehensive, multi-month study plan.

The CD-ROM enclosed with the book presents two additional practice MCATs in the computer-based format, thus closely imitating actual test-taking conditions and offering the added convenience of automatic scoring. All practice MCATs on the CD-ROM are specially designed to capture the underlying patterns of the actual MCAT.

This new edition of Barron's MCAT manual with CD-ROM was reviewed for authenticity of detail by an advisory team of current premed students at schools across the country.
