## **Prima Scriptura: An Introduction to New Testament Interpretation** N. Clayton Croy

In this volume an expert teacher of the Bible provides an introduction to New Testament exegesis that will appeal to students across the spectrum. Clayton Croy begins with the preparation of the interpreter, proceeds to analysis of the text, and concludes with appropriation of the message of Scripture in the context of modern faith communities. He combines a step by step plan for historical exegesis with substantive discussion of broader hermeneutical issues. The book interacts with recent scholarship and is academically rigorous but is written in an engaging style, incorporating anecdotes, humor, scriptural illustrations, and examples of the practical payoff of disciplined interpretation. Each chapter includes discussion questions and suggestions for further reading.
