Painting outside the box: The founder of abstract art

The Russian painter **Wassily Kandinsky** (1866–1944), who later lived in Germany and France, is **one of the pioneers of 20th-century art**. Nowadays he is regarded as the founder of abstract art and is, moreover, the chief theoretician of this type of painting.

Together with Franz Marc and others he founded the group of artists known as the "Blaue Reiter" in Munich. His art then freed itself more and more from the object, eventually culminating in the *First Abstract Watercolor* of 1910.

In his theoretical writings Kandinsky repeatedly sought the proximity of music; and just as in music, where the individual notes constitute the medium whose effect stems from harmony and euphony, Kandinsky was aiming for a pure concord of color through the interplay of various shades. Gauguin had demanded that everything "must be sacrificed to pure colors." Kandinsky was the first to realize this and thus to influence a whole range of artists.

About the Series:

Each book in TASCHEN's Basic Art series features:

- a detailed chronological summary of the life and oeuvre of the artist, covering his or her cultural and historical importance
- a concise biography
- approximately 100 illustrations with explanatory captions
