**Teaching Early Literacy: Development, Assessment, and Instruction** Diane M. Barone EdD, Marla H. Mallette PhD, Shelley Hong Xu EdD

Grounded in cutting-edge theory and research about literacy development, this book is filled with practical assessment and instructional ideas for teachers of pre-K through grade 3. Engaging vignettes show how everyday conversations and activities offer rich opportunities both for evaluating children's current level of knowledge and for helping them progress toward more sophisticated and rewarding interactions with reading and writing. Throughout, the book highlights ways to work effectively with English language learners and their families, a theme that is the exclusive focus of two chapters. Other timely topics covered include creative uses of technology and ways to incorporate popular culture into the classroom. Over two dozen reproducible assessment tools and handouts enhance the utility of this volume as an instructional resource, professional development tool, or graduate-level text.
